Early online publication: Articles in press

The Journal of the American Academy of Dermatology posts in-press articles online before they appear in the print edition of the Journal. These Articles in Press are available from both the JAAD Web site (www.jaad.org) and ScienceDirect (www.sciencedirect.com). To access Articles in Press, simply click the Articles in Press link. Each article will have an online publication date (the date it first appeared online) and a Digital Object Identifier (DOI). These articles are fully citable following the example below.

Adebamowo CA, Spiegelman D, Danby FW, Frazier AL, Willett WC, Holmes MD. High school dietary dairy intake and teenage acne. J Am Acad Dermatol doi:10.1016/j.jaad.2004.08.007. Published online October 29, 2004.

Because the DOI for each article will not change once Articles in Press appear in the print version of the Journal, both the DOI citation and the print citation will remain valid.

Please visit www.jaad.org to view these Articles in Press.
